

PROFESSIONAL STAFF POSITIONS

Responsibilities and Duties of Teachers

The teacher shall be academically qualified in the area he/she is to instruct and should demonstrate a competency in his/her academic field. The teacher should demonstrate an awareness of all other academic fields and should possess a reasonable and responsible attitude toward the education of the whole child.

The teacher must be aware of various instructional trends and participate in exploration of possible changes in method or content of instruction.

The teacher shall demonstrate an ability to control the situations encountered in the performance of duties while exhibiting the proper respect for the dignity and worth of each individual.

The teacher shall demonstrate the ability to define the objectives of instruction and the ability to assess the results of the efficiency and effectiveness of the instruction.

A basic teaching assignment is described as follows: The teacher will instruct regular and/or specialized classes; prepare lessons and tests; correct all assigned work; evaluate student work, use care in filling out requested forms and reports; practice and demonstrate safety and wellness as a role model to students and their families and report to the assigned building on days as scheduled by the Superintendent and attend other affairs which are periodic in nature, such as teachers' meetings, department meetings, and to actively participate in the School programs. Each teacher is required to carry out assignments from the building Principal or other responsible Administrator in conformance with School Board policies and regulations of the Board and the Superintendent.
